Safety data sheet

according to Regulation (EC) No 1907/2006, Article 31

Printing date 04.06.2024

Version number 2.0 (replaces version 1.0)

Revision: 04.06.2024

1 Identification of the substance/mixture and of the company/undertaking

- · Product identifier
- [·] Trade name: <u>Mr. PRIMER SURFACER</u>
- · Article number: SF-287
- Relevant identified uses of the substance or mixture and uses advised against No further relevant information available.
- · Application of the substance / the mixture Coating
- Details of the supplier of the safety data sheet
 Manufacturer/Supplier:
 GSI EUROPE Import + Export GmbH
 Louise-Dumont-Str. 31
 40211 DÜSSELDORF
 GERMANY
- · Further information obtainable from: Hobby Department
- · Emergency telephone number: During normal opening times: +49/211/1665 98420

2 Hazards identification

Classification of the substance or mixture
 Classification according to Regulation (EC) No 1272/2008

flame

Flam. Liq. 2 H225 Highly flammable liquid and vapour.

health hazard

Carc. 2 H351 Suspected of causing cancer.

🖅 🛃 corrosion

Eye Dam. 1 H318 Causes serious eye damage.

STOT SE 3 H336 May cause drowsiness or dizziness.

Label elements
 Labelling according to Regulation (EC) No 1272/2008

The product is classified and labelled according to the GB CLP regulation.

Additional information: For the wording of the listed hazard phrases refer to section 16.

4 First aid measures

- Description of first aid measures
- · General information: Immediately remove any clothing soiled by the product.
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact: Immediately rinse with water.
- After eye contact: Rinse opened eye for several minutes under running water. Then consult a doctor.
- After swallowing: If symptoms persist consult doctor.
- Most important symptoms and effects, both acute and delayed No further relevant information available.

• **Indication of any immediate medical attention and special treatment needed** No further relevant information available. (Contd. of page 3)

5 Firefighting measures

- · Extinguishing media
- · Suitable extinguishing agents:
- CO2, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- Special hazards arising from the substance or mixture No further relevant information available.
- Advice for firefighters
- · Protective equipment: No special measures required.

6 Accidental release measures

- Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away.
 Environmental precautions: Dilute with plenty of water.
 Do not allow to enter sewers/ surface or ground water.
 Methods and material for containment and cleaning up:
- Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralising agent. Dispose contaminated material as waste according to section 13. Ensure adequate ventilation. • **Reference to other sections**
- See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

7 Handling and storage

- Precautions for safe handling
 Ensure good ventilation/exhaustion at the workplace.
 Open and handle receptacle with care.
 Prevent formation of aerosols.

 Information about fire and explosion protection:
 Keep ignition sources away Do not smoke.
 Protect against electrostatic charges.
 Keep respiratory protective device available.

 Conditions for safe storage, including any incompatibilities
 Storage:
- Requirements to be met by storerooms and receptacles: Store in a cool location.

(Contd. on page 5)

Page 5/13

Safety data sheet

according to Regulation (EC) No 1907/2006, Article 31

Revision: 04.06.2024

Trade name: Mr. PRIMER SURFACER

(Contd. of page 6) Due to missing tests no recommendation to the glove material can be given for the product/ the preparation/ the chemical mixture.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

· Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

· Eye/face protection

Tightly sealed goggles

12 Ecological information

- · Toxicity
- · Aquatic toxicity: No further relevant information available.
- · Persistence and degradability No further relevant information available.
- · Bioaccumulative potential No further relevant information available.
- Mobility in soil No further relevant information available.
- Results of PBT and vPvB assessment
- · PBT: Not applicable.
- · **vPvB:** Not applicable.
- Endocrine disrupting properties For information on endocrine disrupting properties see section 11.
- Other adverse effects
- · Additional ecological information:
- · General notes:

Water hazard class 3 (German Regulation) (Self-assessment): extremely hazardous for water

(Contd. on page 11)

Page 11/13

Safety data sheet

according to Regulation (EC) No 1907/2006, Article 31

Printing date 04.06.2024

Version number 2.0 (replaces version 1.0)

Revision: 04.06.2024

Trade name: Mr. PRIMER SURFACER

(Contd. of page 10) Do not allow product to reach ground water, water course or sewage system, even in small quantities.

Must not reach sewage water or drainage ditch undiluted or unneutralised. Danger to drinking water if even extremely small quantities leak into the ground.

13 Disposal considerations

· Waste treatment methods

- Recommendation
 Must not be disposed together with household garbage. Do not allow product to reach sewage system.
- · Uncleaned packaging:
- Recommendation: Disposal must be made according to official regulations.
- Recommended cleansing agents: Water, if necessary together with cleansing agents.

14 Transport information

 UN number or ID number ADR, IMDG, IATA 	UN1263
· UN proper shipping name	
ADR	1263 PAINT RELATED MATERIAL
·IMDG	PAINT RELATED MATERIAL
·IATA	Paint related material
· Transport hazard class(es)	
· ADR, IMDG, IATA	
· Class	3 Flammable liquids.
	3
· Packing group	
· ADR, IMDG, IATA	II
· Environmental hazards:	Not applicable.
· Special precautions for user	Warning: Flammable liquids.
Hazard identification number (Kemle	
· EMS Number:	F-E, <u>S-E</u>
· Stowage Category	В

15 Regulatory information

· Safety, health and environmental regulations/legislation specific for the substance or mixture · Poisons Act

· Regulated explosives precursors

None of the ingredients is listed.

· Regulated poisons

None of the ingredients is listed.

· Reportable explosives precursors

None of the ingredients is listed.

Reportable poisons

None of the ingredients is listed.

- · Directive 2012/18/EU
- · Named dangerous substances ANNEX I None of the ingredients is listed.
- · Seveso category P5c FLAMMABLE LIQUIDS
- \cdot Qualifying quantity (tonnes) for the application of lower-tier requirements 5,000 t
- $^{\rm c}$ Qualifying quantity (tonnes) for the application of upper-tier requirements $50,000\ t$
- · Chemical safety assessment: A Chemical Safety Assessment has not been carried out.
